

Traveling Solution Center

>> the technology accelerator

INNOVATIVE

The Traveling Solution Center (TSC) is a new approach to bringing technology to the customer. At SIS, we understand that the demands of running a business leave you little time for seminars, travel, etc.

As a result, to meet the needs of challenging schedules, we realized that we needed to alter our communication efforts, thus, the TSC road show was born.

Clients have told us they rely on our staff to keep them abreast of the latest in IBM Hardware and Software Solutions. Our "Technology Accelerator" travels across the country to deliver information right to our customers' door steps.

UNPARALLELED EXCELLENCE

Currently, our road show will include the following hardware and software:

HARDWARE

- ◆ IBM System x family of servers
- ◆ Enterprise xArchitecture
- ◆ Server consolidation
- ◆ Storage consolidation
- ◆ IBM DS3000/DS4000 Product Portfolios
- ◆ iSCSI Storage Consolidation
- ◆ VMware Infrastructure 3 Portfolio
- ◆ VMware VirtualCenter
- ◆ VI3 Advanced Features: VMotion, DRS, HA, VCB
- ◆ Physical-to-Virtual Migrations
- ◆ IBM CDAT Server Consolidation Analysis
- ◆ IBM Director
- ◆ Boot from SAN
- ◆ Linux

- ◆ Microsoft Clustering
- ◆ IBM Blade-Center Portfolio
- ◆ Intel Multi-core Blades
- ◆ AMD Multi-core Blades
- ◆ IBM Console Management

SOFTWARE

- ◆ WebSphere Portal
- ◆ WebSphere Commerce
- ◆ HATS (Host Access Transformation Services)
- ◆ Lotus Domino Suite - Multi-Client
- ◆ Instant Messaging & Web Conferencing
- ◆ Pervasive (Wireless) Solutions
- ◆ Lotus Workplace Suite
- ◆ IBM Content Management Suite
- ◆ Tivoli Storage Manager
- ◆ Tivoli Storage Resource Manager
- ◆ DataCore Storage Server Products

LOCATION LOCATION LOCATION

The constant advances in technology certainly make our lives easier but how do you choose which systems and software packages are right for you?

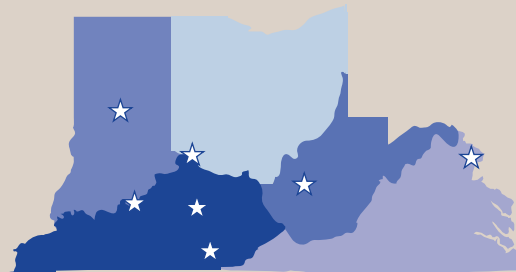

The SIS TSC will make your decision-making process easier by bringing the latest in IBM technology right to your door for hands-on demonstrations.

Get up close and personal with the SIS experts and let us show you how to take full advantage of the latest in IBM technology.

Our mobile briefing center is the latest and most convenient way to bring technology to you.

Are you interested in scheduling the technology accelerator to visit your location? If so, please visit www.ThinkSIS.com/tsc.jsp
